

La Reserva

6. La Reserva, Havana

Best for lovers of boutique hotels

This is the finest boutique stay in Havana. From the welcome to the gorgeous rooms, the patio garden, and concierge, I can't recommend it enough. A trio of architects restored and reimagined twin white classical mansions in the artsy neighbourhood of el Vedado to create a fabulous space with tiled rooms, smart furniture, Cuban art, Murano glass and fancy bathrooms. Breakfast in the sexy patio garden, speak to the concierge about insider tours, dine in La Bodega restaurant on regional seasonal home-cooked Cuban cuisine, and by night order a mojito at the garden bar.
